## Short description / Kurzbeschreibung

The band members in their own words:

*"The new (5th) Floatin´ LP is divided in two parts. On one side you hear the last works together with Thorsten Neu, which you know from the records "said my said" and "goal less play".*

*The other side is a new more electronic experience with ULF."*

39 Clocks member Jürgen Gleue about Floating di Morel:

*"(...) sound like Sky Saxon & The Seeds did float, effortless, it's just there as it pops into your head like a thumb into your mouth."*

Jake Austen of Roctober Magazine writes:

*"Like a classy Suicide (the band, not the act of desperation) these cats present minimal, chilling music, but wear ties and sweep the warehouse before inviting you over for a bizarre ultra-underground concert."*

Here you can see one of their ultra rare home live recordings:

German critic Robert Miessner (taz, junge welt) states:

*"If Velvet Underground had not disintegrated in 1973 and instead had met with Neu! or Mute's Daniel Miller, they would have sounded like Floating di Morel."*
