### Description

DJ Marcelle/Another Nice Mess is that rare combination of things: fearless, innovative, playful, independent, unpredictable and with a great sense of humour. The singular producer and dj from Amsterdam lives in that rare league of artists who are out there, doing their own thing, continually pushing the boundaries of electronic music and having a great time in doing so as well.

Her third album in just over two years is as versatile as ever. Steelpan (!) dancehall goes hand in hand with off the wall techno and weird avant garde. The album contains a surprising collaboration with Michael Vincent Waller, a modern classical composer/pianist from New York: 'The Orphan Serenade' is Marcelle's most personal, sensitive track to date.

As always, her track titles are a joy in themselves ('The Vegans Are Backstage', 'Hum Hum Hum', 'Technicians Leaving The Club').

The album is covid-19 proof: Marcelle wears a face mask on the sleeve. Join Marcelle in her unique musical universe. And try to explain her the food, please.
