Limpe Fuchs complete catalogue – work in progress

play loud's intention is it to re-release the entire catalogue by Anima-Sound, Anima and Limpe Fuchs (solo work). Some of the records, tapes, films have been released illegally over the years, some others have been out of print for decades. Limpe Fuchs: In conversation with filmmakers Lucia Palacios & Dietmar Post as part of the "play loud! (live) word series".

Limpe Fuchs: DVD with interviews, old super 8 and 16 mm films, live concerts, home recordings, many photographs and other oddities.

Furthermore play loud! is trying to restore old experimental films from, by and with Limpe and Paul Fuchs. Over the last decade filmmakers Dietmar Post and Lucia Palacios occasionally have accompanied Limpe with their camera. Some of Limpe's outstanding performances will also be part of the „play loud! (live) music series“.

play loud! is asking fans and users of our archive & store to support this wonderful project. The goal is to preserve Limpe's work for future generations.
